ORIGO[®]
EDUCATION

Imagine that you spin the spinner once.

- Are you more likely to get a person with a hat or without a hat?
- Write how you figured it out.

**Prickly
Problems**

$$\text{Orange} + \text{Orange} + \text{Orange} + \$6 = \$27$$

$$\text{Candy} + \text{Candy} + \text{Orange} = \$25$$

Figure out the prices of these items.
